## FAUST PARK (DOCTOR'S GARDEN) - FLOWERS WE CAN EXPECT TO SEE Week 15 (2<sup>nd</sup> Week of July)

There are many flowers in Faust Park – and we'll try to visit them all. However this list is for the plants found in the “Conway House” garden. When Doctor Bates (the son of Missouri's 2<sup>nd</sup> governor) used to live there, he likely had a garden in which he grew the many medicinal herbs that he would have needed in his practice. We'll try to figure-out the “what” and “why” of the plants now growing in this reconstructed mid-19<sup>th</sup> century “Doctor's Garden”.
